**2.3.3 Ratio of students to mentor for academic and stress related issues**

Mentoring in educational institutes involves informal communication, face-to-face, between the teachers (mentors) and the students (mentees). Each mentor takes care of approximately 20 students from FE to BE. Mentor system started in Fr. CRCE from the academic year 2015-16.

Fr. CRCE follows an online mentoring system where the mentors can track the students' academic progress and attendance status. In certain cases the student can be referred to the Principal, Head of the Department, Dean Academics or Counsellor to seek guidance/intervention.

A dedicated time slot is allotted in the timetable for mentoring session. Students meet their mentors once a week or more often as per need. During the interaction, the mentors record the observations about the mentees' needs, strengths, weaknesses, grievances and doubts, etc and try to help them to overcome the problems and boost their confidence.

In case an approved mentor leaves the institute, the mentees are either reallocated to the other mentors or to the new faculty.

**Objectives of Mentoring**

1. To keep track of the academic progress and attendance status of the student.
2. To understand the students' strengths, weaknesses, capabilities and needs.
3. To help them overcome their fears and shortcomings and boost their morale as well as use their strengths to excel in his/her objectives.
4. To refer specific cases to the Principal, Head of the Department, Dean Academics or Counsellor for special assistance required.

**STUDENTS MENTOR RATIO**

To  
All HODs

For better interaction with students and to identify and address their academics related issues, we have decided to appoint faculty members as mentors every year. Hence, all HODs are requested to allot mentors to all students in the department and send the list for approval by 15<sup>th</sup> July.

The mentors are expected to:

1. Keep track of the academic progress and attendance status of the student.
2. Understand the students' strengths, weaknesses, capabilities and needs.
3. Help them overcome their fears and shortcomings and boost their morale as well as use their strengths to excel in his/her objectives.
4. Refer specific cases to the, Head of the Department, Dean Academics, Counsellor or Principal for special assistance as required.
